

LAUTARO NAHUEL SOFFICI

Email: lautarosoffici@gmail.com

Phone number: +54 9 11 5525 4000

GitHub: <https://github.com/lausoffici>

LinkedIn: <https://www.linkedin.com/in/lautaro-soffici-b48021144>

Passionate of learning new technologies and the correct use of these. I enjoy teamwork, especially when I can improve my skills learning or teaching my workmates day by day.

Areas of Knowledge

- **Responsive web design** (HTML5 and CSS3/Sass/Bootstrap)
- **JavaScript** frameworks (Angular, AngularJS and React)
- Developing **Back-end** services (.NET Core and Node.js)
- **REST** architecture
- **SQL** and **noSQL** principles (PostgreSQL and mongoDB)
- **Git** for version control

Professional Experience

- **(July of 2019 – Present) Datastar S.A. – Full Stack Software Developer**

Project: PLUG - Custom forms system for digital information gathering and work order generation - <http://www.plug.com.ar>

Tasks

- Complete implementation of new requirements
- Research and incorporation of new technologies
- Code refactor and bug fixes
- Database migrations
- Peer code review

Technologies: Angular, AngularJS, Ionic Framework 3, JavaScript, TypeScript, ESLint, JQuery, Leaflet, Grunt, Webpack, Redmine, ASP .NET MVC, .NET Core WebAPI, SQL Server, PostgreSQL, NHibernate, FluentMigrator, PostGIS, Git.

Education

- **(2016 - Present) Information Systems Engineering** at Universidad Tecnológica Nacional - Facultad Regional Buenos Aires. **On course: 4th year.**
- **(2010 - 2015) Bachelor of Social Sciences** at Instituto Apostolado Católico. **Finished**

Hobbies and interests

Football and music

Languages

Spanish (native) and English (advanced)
